PDI
TECHNOLOGIES

Managed Endpoint Detection & Response

Optimize staff prioritization and technology stack with 24x7x365 security monitoring and management of industry-leading EDR platforms.

Same Mission. Same Team. New Name. Nuspire is now PDI Security and Network Solutions.

Prevent, detect and respond to cybersecurity threats across your endpoints, 24x7x365

Best-in-Breed EDR Services
Expertise managing trusted EDR platforms Partner with PDI's highly-skilled security team to optimize and manage your SentinelOne*, CrowdStrike, VMware Carbon Black and Microsoft Defender EDR service.

Alert Management
Focus on real threats, not the noise Leverage PDI's tested security process expertise and automation to alleviate false positives and alert fatigue.

Threat Mitigation
24x7 monitoring and remediation Have peace of mind knowing a team of security experts is analyzing, mitigating and responding to threats in real time across your attack surface.

Improved Visibility
Get a holistic view of your security environment Connect your security tools and services – including EDR – into one view. PDI delivers unprecedented visibility and the power to use real-time data to inform changes in your security program.

Ongoing Improvements and Recommendations
Keep pace with changes and updates Rest easy knowing the PDI team not only offers recommendations to stay ahead of the evolving threat landscape, but also implements those recommendations for you.

Service Components

- Smart Start Onboarding
- Platform Optimization
- Configuration Support
- Recommendations for Security Posture Improvement / Platform Hardening
- 24x7x365 SOC Monitoring
- Alert Validation
- Rapid Threat Mitigation, Response and Remediation
- Endpoint Agent Updates
- Global Threat Intelligence
- Threat Hunting
- Custom Client Runbooks
- PDI Platform Access

By leveraging PDI Security and Network Solutions' intelligent unification approach, organizations can stay ahead of emerging threats, optimize security investments and streamline operations.

PDI
TECHNOLOGIES

A People-first, Tailored Approach to EDR Management

Boost the power of your EDR platform

Let PDI's team of security pros optimize endpoint protection to get you the full value out of your EDR solution.

Smart Start Onboarding

New EDR Solution
- Expert advice in selecting the right EDR solution for your specific business case
- Industry-leading support and management setting up your preferred EDR solution

Existing EDR Solution
- Bring the technology you have, and we'll enrich it with our proprietary and partner threat intelligence data, providing accurate detection and complete coverage

Day-to-Day Management
- 24x7x365 monitoring, response and remediation aligned with processes in your custom client runbook

Optimize your Technology Stack and Staff Prioritization

- Expertise across all platforms to maximize value from your EDR technology
- Validation of a correct EDR deployment
- Ongoing guidance and PDI-led updates to improve the efficacy of your EDR solution
- Seamlessly migration of existing EDR technology – ensuring uninterrupted management

About PDI Security and Network Solutions

With over 25 years of expertise, PDI Security and Network Solutions (formerly known as Nuspire) is redefining cybersecurity and network management through intelligent unification and unparalleled protection. The company delivers fully managed security and network services, including managed detection and response (MDR), endpoint detection and response (EDR), Firewall as a Service, 5G as a Service, and Wi-Fi as a Service. Their technology-agnostic platform seamlessly integrates human expertise, advanced AI, and cutting-edge technologies, providing holistic visibility across security and network infrastructure. PDI's 24x7 SOCs and expert teams enable organizations to stay ahead of emerging threats while optimizing investments.
